

# In three days you can run like a horse

ఇవ్వడంతా సోషల్ మీడియా హవా నడుస్తున్నది. తుమ్మినా దగ్గినా ఇంటర్నెట్ లో వెతికేయడమే. అయితే, ఏదైనా ఆరోగ్య సమస్య పీడిస్తుంటే సంబంధిత వైద్యుణ్ణి సంప్రదించాలి. అంతేతప్ప, ఇంటర్నెట్ డాక్టర్ల ద్వారా పరిష్కారం వెతుక్కోకూడదు. ఇదే విషయమై మోకాళ్ల నొప్పిలతో బాధపడుతున్న ఓ పల్లెటూరి మామయ్య చదువుకున్న పట్నవాసపు మేనల్లుడికి జ్ఞానోదయం చేస్తున్నాడు. ఈ సంభాషణ చదివితే మీకూ విషయం బోధపడుతుంది.

**Nephew:** Great! Keep on listening.

**ఇంగ్లీష్ మాట్లాడదాం**

**Uncle:** A thousand doctors?

**Nephew:** Most of them are self-styled. They have a cure for every disease.

**Uncle:** For every disease?

**Nephew:** You have a cartilage problem, don't you?

**Uncle:** Yes.

**Nephew:** Let's see what this healer has to say. I'm playing the video. Please listen attentively.

**Uncle:** Eat lady's finger raw twice a day. Cartilage will overflow in your knees.

**Nephew:** Great! Keep on listening.

**Uncle:** 'In three days you can run like a horse'.

**Nephew:** What a discovery!

**Uncle:** My dear nephew, I have a doubt.

**Nephew:** May I know your doubt?

**Uncle:** Will the okra slime go into the knee intact?

**Nephew:** Can you doubt the knowledge of the YouTuber? Listen to this man....

**Uncle:** Soak these seeds in water overnight. Drink it the first thing the next morning.

**Nephew:** Great!

**Uncle:** Do it for seven days.

**Nephew:** Just for a week? Go on, uncle.

**Uncle:** You will not need surgery.

**Nephew:** For knee replacement!

**Uncle:** Should I believe it?

**Nephew:** What a cure!

**Uncle:** 'In three days you can run like a horse'.

**Uncle:** Do you believe it?

**Nephew:** Yes, I do. It is YouTube. It is not trash.

**Uncle:** I have learnt something today, my dear nephew.

**Nephew:** There are magic doctors and miracle cures in the air?

**Uncle:** No, not that.

**Nephew:** What else, then?

**Uncle:** That some literate 'city-zens' are more gullible than illiterate villagers.
